About the Birthday Wish Packages

The specific contents of any Birthday Wish Package will depend on the availability of supplies in the Birthday Wish Warehouse. All packages will be tailored to the unique interests of the child to the extent possible. There will be two general types of packages:

Party Wish Packages: These packages are for children whose foster care placements are interested in throwing a birthday party for the child but who may not be able to provide the supplies necessary for the party. The packages will include party supplies, a small gift for the child, and a personalized birthday card from Foster Friends of North Carolina.

Celebration Wish Packages: These packages are for children who either do not want to have a birthday party or who are not in a placement in which they have the opportunity to have a birthday party. The items included in these packages may include a gift related to the child's interests, developmentally-appropriate personal grooming items, a cake, and a personalized birthday card from Foster Friends of North Carolina.
